

Ms. Eaton,

My brother Paul was recently released from your school after a 10 month stay and I would like to express my thanks from our entire family to you and your staff. Every staff member we ever came into contact with was friendly and kind and always went above and beyond. Paul was always well taken care of and treated with respect and care. He learned so much from his time there that our family now looks back on his time there as a true blessing and that is due to your staff. We were all very concerned in the beginning but soon realized that he could not have found himself in a better place. The guards and the entire staff there are not only guards to these kids; they are role models, mentors and friends. I hope they all know that they are forever changing and enriching these kids' lives with what they do. Paul has come home with an immense sense of self worth that he has never had before, that would not have happened had he been anywhere else with any other staff. They don't have to be so great to everyone but they are so thank you, Paul is now on the right path and better than he has ever been. He actually misses Catalina a bit, we all do.

Sincerely,

Dana

Response from Patrick J. Jeske, Ph.D.
Superintendent of Education to Principal Eaton:

Ms. Eaton,

Thank you for sharing. It is encouraging to hear from people who realize that a truly positive change has been made. Congratulations to you, your staff and everyone at CMS who work so hard to advance the lives of the young men entrusted to your care.
